

Reemployed Annuitants

An annuitant under either the Civil Service Retirement System (CSRS) or Federal Employees Retirement System (FERS) may be employed in any position for which he/she meets job, age, and physical requirements. Reemployed annuitants may be hired on a temporary or permanent basis. A non-disability annuity will usually continue during reemployment, but the amount of annuity normally will be deducted from the individual's pay. Employment of annuitants is beneficial to management in that it provides a readily available source of highly qualified candidates, sometimes for "hard-to-fill" positions.
